

Matthew Gibney Catholic Primary School

STUDENT CODE OF CONDUCT

Safe Respected **Successful Welcomed**

In order to feel welcome, we will accept people for who they are; acknowledge everyone cheerfully; include others in all game and activities and make sure everyone has a fair go.

In order to feel safe, we will stay calm and show resilience; be kind to our friends; think before we act; follow the school rules; play our games with good sportsmanship and respect the personal space of others.

In order to feel successful, we will know that it's ok to make mistakes, as we can learn from them; always display a positive attitude and strive to do our best in all areas of school life.

In order to feel respected, we will speak politely and use good manners; listen to other people's ideas; treat others as we want to be treated and take care of the belongings of others.

When someone isn't feeling this way or there is conflict, we will remind others to do the right thing by using the MJR values, try our best to help where we can; seek help from a trusted senior student or adult, and strive every day to Make Jesus Real in our school community.
